

SUPPLIER DECLARATION OF COMPLIANCE

Regulation (EU) 2025/40 — Packaging and Packaging Waste Regulation (PPWR)

Article 5 — Substances of Concern | Article 16 — Upstream Supplier Obligations

Issuer:	Pásky s.r.o., Křižíkova 237/36a, 186 00 Praha 8, Czech Republic IČO: 26136686
Products covered:	Printed water-activated adhesive tapes — saturated paper / starch adhesive / water-based inks
Intended use:	Sealing of transport packaging units placed on the EU market — packaging components within the scope of Regulation (EU) 2025/40
Issue date:	21 August 2026

Pásky s.r.o. hereby declares that the printed water-activated adhesive tapes described above comply with the requirements of Article 5 of Regulation (EU) 2025/40 of the European Parliament and of the Council on packaging and packaging waste (PPWR) with respect to substances of concern, to the best of our knowledge and on the basis of technical documentation held by us and available to competent authorities upon request.

Pásky s.r.o. is not a manufacturer of chemical substances. When assessing compliance with chemical requirements, we rely on verified declarations from our suppliers and on detailed knowledge of our own production processes.

Requirement (PPWR Article 5)	Compliant	Basis of Declaration
No intentionally added per- and polyfluoroalkyl substances (PFAS)	YES	Supplier declaration (Lepas, spol. s r.o., 22.06.2026); PFAS not intentionally added; all material inputs confirmed compliant with PPWR Art. 5
Sum of heavy metals (Pb + Cd + Hg + Cr ⁶⁺) does not exceed 100 ppm	YES	Supplier declaration (Lepas, spol. s r.o., 22.06.2026); combined concentration of Pb, Cd, Hg, Cr does not exceed 100 mg/kg; compliant with Directive 94/62/EC and PPWR Art. 5
No intentionally added Bisphenol A (BPA)	YES	Supplier declarations from all material input vendors; technical documentation on file
No phthalates (including DEHP, DBP, BBP, DIBP, DINP, DIDP, DnOP, DMP, DEP)	YES	Supplier declarations from all material input vendors; technical documentation on file
No substances classified CMR Cat. 1A/1B intentionally added	YES	Supplier declarations; no prohibited or hazardous substances under applicable EU legislation confirmed by Lepas, spol. s r.o.
No SVHC (Substances of Very High Concern) above 0.1% w/w — ECHA Candidate List to 4 February 2026	YES	Supplier declaration (Lepas, spol. s r.o., 22.06.2026); no SVHC as listed on the ECHA Candidate List confirmed; compliant with Regulation (EC) No 1907/2006
No oxo-degradable plastics	YES	Product is paper-based with starch adhesive and water-based inks — contains no plastic components
No polystyrene	YES	Product is paper-based; no plastic components; supplier declaration on file

Requirement (PPWR Article 5)	Compliant	Basis of Declaration
No chlorine-bleached paper or cardboard	YES	Supplier declarations from all material input vendors; technical documentation on file

Notes

1. This declaration covers substance-level compliance under PPWR Article 5 for the products described above. Pásky s.r.o. maintains technical documentation substantiating this declaration, including the Supplier Declaration issued by Lepas, spol. s r.o. (Ružomberok, Slovakia, 22.06.2026) pursuant to Regulation (EU) 2025/40. This documentation is available to competent national market surveillance authorities upon request.
2. Water-activated paper tape (gummed tape) with starch adhesive and water-based inks is composed entirely of paper-derived and natural materials. The product is fully recyclable in standard paper and cardboard recycling streams. The starch adhesive dissolves during the pulping process and does not adversely affect paper and cardboard recycling. The product contains no plastic components.
3. Recyclability assessment grades (A–E) under PPWR Article 6 cannot be assigned at this stage, as the harmonised Design for Recycling criteria and delegated acts of the European Commission are expected to be published by 2028. Based on the all-paper, starch-adhesive composition of this product, a high recyclability grade is anticipated.
4. Independent laboratory quantification of PFAS pursuant to an EU-accredited measurement methodology is not yet available, as the Commission has not yet published the harmonised test method. This declaration will be supplemented with laboratory test reports upon availability of an accredited protocol.
5. Pásky s.r.o. undertakes to notify its customers without delay of any changes to material composition, chemical formulation, or upstream suppliers that affect the accuracy of this declaration, in accordance with PPWR Annex VII.

Pásky s.r.o.

21 August 2026

This declaration is issued in good faith on the basis of information available at the date of issue. It does not constitute a legally binding guarantee of conformity of the finished packaged product placed on the market by the customer. The manufacturer of the finished product retains full responsibility for compliance under Article 15 of Regulation (EU) 2025/40.
